Dear Colleagues,

due to Russia's military aggression in Ukraine, The Executive Committee of the Swedish Mathematical Society urges the International Mathematical Union not to hold the International Congress of Mathematicians planned for July 2022 in Russia.

For your information, the Executive Committee of the Swedish Mathematical Society has decided that it will not grant any travel grants for participation at this congress in Russia, should the congress take place.

With best regards

A handwritten signature in blue ink, appearing to be 'VM'.

Volodymyr Mazorchuk
President of the Swedish Mathematical Society
